MEMORANDUM FOR: See Distribution

SUBJECT: Phase II of [REDACTED] Contract

1. Attached for your review and personal attention is a memorandum from [REDACTED] concerning the next phase of the [REDACTED] contract. Although I have been briefed on this program only recently, I am impressed with its scope and potential. This program is expensive and important and we are obligated to take direct action to keep these study tasks under continuing review and evaluation.

2. The development of an Integrated Information System is futuristic in design and thinking and will almost certainly lead to changes in existing tasks, systems and procedures. In making your review, I expect all of you to be imaginative, forward-thinking and objective in your comments. It is essential that you be forthright and active in keeping [REDACTED] office informed of your views; constructive criticism will of course be welcomed.

[REDACTED]
Executive Director, NPIC
